

Kate Johnson	Co-opted Governor
--------------	-------------------

I am delighted to have been appointed as a Governor for Childwall Sports & Science Academy. I am really looking forward to being involved with the school community and supporting the work to develop young people to their fullest potential.

I am currently Head of Museum of Liverpool, part of National Museums Liverpool. I have loved working with local people and communities to represent their diverse histories and stories of Liverpool. I am a collaborative leader and have developed a strong cross-departmental team at the Museum which ensures that all visitors have a safe, enjoyable and memorable experience.

Prior to taking up a role as Head of Museum of Liverpool, I worked predominantly in museum and gallery education, developing programmes to engage families, young people, adults, schools, colleges and universities.

I am looking forward to taking up a new role in November 2023 as Chief Executive of Sefton Park Palmhouse.
